

Welcome,

We want to thank you for allowing Physicians East, P.A.—Quadrangle Endoscopy Center to participate in your care. Located in Greenville, NC, our facility is dedicated to delivering safe, quality, comprehensive, and cost-effective health care to residents of eastern North Carolina. It is our mission to provide patients with compassionate and state-of-the-art care, so that they leave our facility feeling satisfied with the services provided.

Physicians East, P.A.—Quadrangle Endoscopy Center has been performing Colonoscopies and EGDs in the outpatient setting since 1995. Quadrangle Endoscopy Center has achieved accreditation by the Accreditation Association for Ambulatory Health Care (AAAHC). Accreditation distinguishes us from many other outpatient facilities by providing the highest quality of care to patients as determined by an independent, external process of evaluation. Status as an accredited organization means the Quadrangle Endoscopy Center has both met nationally recognized standards for the provision of quality health care set by AAAHC.

Upon arrival for your procedure, expect to be present in our facility for roughly two hours. Your designated escort/driver will be required to stay at the facility during the duration of your procedure. You will receive two calls from our office a week prior to your procedure date. The first call will notify you of your arrival time. The second call will be to review your health history and the prep instructions you received while at the office or by mail.

We look forward to serving you!

Sincerely,

Physicians East, P.A.—Quadrangle Endoscopy Center Staff
